11. Procedures for Responding to Specific Online Concerns

11.1 Online sexual violence and sexual harassment between children

Headteachers, managers and DSLs may find it helpful to access Childnet's online sexual harassment guidance: www.childnet.com/resources/step-up-speak-up/guidance-and-training-for-schools-and-professionals

- Our *owner*, DSL and appropriate members of staff have accessed and understood the DfE “[Sexual violence and sexual harassment between children in schools and colleges](#)” (2018) guidance and part 5 of ‘[Keeping children safe in education](#)’ 2019.
 - Full details of our response to peer on peer abuse, including sexual violence and harassment can be found in our child protection policy.
- Kindersiversity recognises that sexual violence and sexual harassment between children can take place online. Examples may include;
 - Non-consensual sharing of sexual images and videos
 - Sexualised online bullying
 - Online coercion and threats
 - ‘Upskirting’, which typically involves taking a picture under a person’s clothing without them knowing, with the intention of obtaining sexual gratification, or causing the victim humiliation, distress or alarm. It is a criminal offence
 - Unwanted sexual comments and messages on social media
 - Online sexual exploitation
- We will respond to concerns regarding online sexual violence and sexual harassment between children, regardless of whether the incident took place on our premises or using our equipment.
- If made aware of any concerns relating to online sexual violence and sexual harassment, we will:
 - immediately notify the DSL (or deputy) and act in accordance with our child protection and anti-bullying policies.

 - implement appropriate sanctions in accordance with our behaviour policy.
 - inform parents and carers, if appropriate, about the incident and how it is being managed.
 - If appropriate, make referrals to partner agencies, such as Children’s Social Work Service and/or the police.
 - if the concern involves children and young people at a different educational setting, the DSL will work in partnership with other DSLs to ensure appropriate safeguarding action is taken in the wider local community.
 - If a criminal offence has been committed, the DSL (or deputy) will discuss this with the police first to ensure that investigations are not compromised.

- review the handling of any incidents to ensure that best practice was implemented, and policies/procedures are appropriate.
- Kinderversity recognises that internet brings the potential for the impact of any sexual violence and sexual harassment concerns to extend further than the local community, and for a victim or alleged perpetrator to become marginalised and excluded by online communities.
- Kinderversity recognises the potential for repeat victimisation in the future if abusive content continues to exist somewhere online.
- To help minimise concerns, Kinderversity will ensure that all members of the community are made aware of the potential social, psychological and criminal consequences of online sexual violence and sexual harassment by implementing a range of age and ability appropriate educational methods as part of our curriculum.
- We will ensure that all members of the community are aware of sources of support regarding online sexual violence and sexual harassment between learners.

11.2 Youth produced sexual imagery (“sexting”)

- Kinderversity recognises youth produced sexual imagery (also known as “sexting”) as a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).
- We will follow the advice as set out in the non-statutory UKCIS guidance: [‘Sexting in schools and colleges: responding to incidents and safeguarding young people’](#) and the local [KSCMP](#) guidance: “Responding to youth produced sexual imagery”.
 - Youth produced sexual imagery or ‘sexting’ is defined as the production and/or sharing of sexual photos and videos of and by young people who are under the age of 18. It includes nude or nearly nude images and/or sexual acts.
 - It is an offence to possess, distribute, show and make indecent images of children. The Sexual Offences Act 2003 defines a child, for the purposes of indecent images, as anyone under the age of 18.
- We will ensure that all members of Kinderversity are aware of sources of support regarding the taking and sharing of youth produced sexual imagery.
- We will respond to concerns regarding youth produced sexual imagery, regardless of whether the incident took place on site or using setting provided or personal equipment.
- We will not:
 - view any suspected youth produced sexual imagery, unless there is no other option, or there is a clear safeguarding need or reason to do so.
 - If it is deemed necessary, the imagery will only be viewed where possible by the DSL, and any decision making will be clearly documented.
 - send, share, save or make copies of content suspected to be an indecent image/video of a child (i.e. youth produced sexual imagery) and will not allow or request learners to do so.

 - act in accordance with our child protection policies and the relevant local procedures.
 - ensure the DSL (or deputy) responds in line with the [UKCIS](#) and KSCMP guidance.

- implement appropriate sanctions in accordance with our behaviour policy but taking care not to further traumatise victims where possible.
- consider the deletion of images in accordance with the [UKCIS](#) guidance.
 - Images will only be deleted once the DSL has confirmed that other agencies do not need to be involved and are sure that to do so would not place a child at risk or compromise an investigation.
- review the handling of any incidents to ensure that best practice was implemented; the leadership team will also review and update any management procedures, where necessary.

11.3 Online abuse and exploitation (including child sexual abuse and sexual or criminal exploitation)

- Kindersersity recognises online abuse and exploitation, including sexual abuse and sexual or criminal exploitation, as a safeguarding issue and all concerns will be reported to and dealt with by the DSL (or deputy), in line with our child protection policy.
- Kindersersity will ensure that all members of the community are aware of online child abuse and sexual or criminal exploitation, including the possible grooming approaches which may be employed by offenders to target learners, and understand how to respond to concerns.

- We will respond to concerns regarding online abuse and exploitation, regardless of whether the incident took place on our premises or using setting provided or personal equipment.
 - Where possible and appropriate, learners will be involved in decision making. If appropriate, they will be empowered to report concerns themselves with support, for example if the concern relates to online sexual abuse via CEOP:

www.ceop.police.uk/safety-centre/
- If we are unclear whether a criminal offence has been committed, the DSL (or deputy) will obtain advice immediately through the Education Safeguarding Service and/or police.
- If made aware of intelligence or information which may relate to child sexual exploitation (on or offline), it will be passed through to the police by the DSL (or deputy).
- If members of the public or learners at other settings are believed to have been targeted, the DSL (or deputy) will seek advice from the police and/or the Education Safeguarding Service before sharing specific information to ensure that potential investigations are not compromised.

- We will respond to concerns regarding IIOC on our equipment and/or personal equipment, even if access took place off site.

 - act in accordance with our child protection policy and the relevant KSCMP procedures.
